SUMMARY

MCA graduate and passionate software developer with hands-on experience in building scalable web applications. Skilled in both frontend and backend technologies, with a focus on delivering efficient, user-friendly solutions. Quick to adapt, team-oriented, and always eager to learn and grow.

EDUCATION

Masters in Computer Applications MCA (85%) 2023-07 – 2025-07
K. K. Wagh Institute of Engineering Education & Research, Nashik

Bachelor of Science (Bsc) in Chemistry (70%) 2019-03 – 2023-03
LVH college, Panchavati, Nashik (SPPU)

WORK EXPERIENCE

Internship (Netwin Systems & Software Pvt Ltd) **Dec 24 - Jun 25**
Completed a 6-month internship at Netwin Infotech as a Software Engineer Intern, contributing to real-world projects and gaining hands-on experience in full-stack development.

Project Experience

- Built 4 major and several mini projects using ReactJS, JavaScript, Spring Boot, PostgreSQL, MongoDB, HTML, CSS, and Recoil, demonstrating proficiency in front-end development and problem-solving skills.

SKILLS

React, Java Spring Boot, Java Script, Bootstrap, CSS3, Redux, MFE, Jira, Github, PL/SQL, mongoDB.

PROJECTS

Liveliness Verification

- Built a liveliness verification system using React.js, Spring Boot, and Python that captures user video with voice OTP, performs face and voice recognition, and validates identity with anti-spoofing and authenticity scoring.

E-commerce website

- Created grocery store website by using **Micro frontend architecture** (MFE), a design approach that breaks a web application into smaller, more manageable components that can be developed and deployed independently.

Video KYC

- Built a Video KYC platform using React, WebRTC, and STOMP.js, enabling live calls, document uploads, and real-time case management across multiple dashboards.

CERTIFICATIONS

Java Full Stack – Symbiosis (in collaboration with Capgemini)
